CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	911 Outages	911 Outages

911 Outages/Remote/Community Isolations:

911 Outage, Multiple Counties and Law Enforcement Agencies Affected (NEW/UPDATE)

On 03/23/19 at 1230 hours, Frontier notified the CA 9-1-1 Branch that 9-1-1 is unavailable in Inyo and Mono Counties as well as at Ridgecrest PD due to a network issue.

- This is a total network isolation.
- Jurisdiction Affected: Bishop PD, Mono County SO, Inyo County SO, Bishop CHP, Ridgecrest PD
 - 9-1-1 calls are not getting into the selective router.
 - Wireless as well as wireline calls cannot get through.
 - PSAPs are unable to re-route their calls to another agency and cannot forward their calls to their admin lines.

At 1340 hours, Frontier confirmed that the 9-1-1 outage is the result of a fiber cut in the area.

- Frontier technicians have been dispatched and are working to isolate the problem.
- Frontier is investigating the source of the fiber cut.

At 1526 hours, CA 9-1-1 Branch advised that Colton PD (San Bernardino County) and California City PD (Kern County) are both unable to receive 9-1-1 calls due to the same fiber cut affecting Inyo and Mono Counties.

- California City PD and Ridgecrest PD lines are being routed to Kern County Sheriff's Office.
- At 1800 hours, CA 9-1-1 Branch reported initial searching for the fiber cut has been unsuccessful.
- Crews are still working to isolate the problem.
 - Construction and splicing crews are standing by and ready to begin work as soon as the cut is located.
 - Inyo and Mono Counties have reported that Verizon wireless calls seem to be getting through the network.
 - AT&T reported that the Shoshone and Furnace Creek remote office isolations are affecting 217 and 677 landlines respectively.
 - Wireless 9-1-1 is not affected in those areas.
 - Once the fiber cut is repaired by Frontier, this remote office should come back on line.
 - Updates will follow as they are received.
 - There is no estimated time of restoral

Service Interruptions:

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Winter storm watch. Heavy snow possible.
 - Total snow accumulations of 8 to 16 inches below 7,000 feet, up to 2 feet above 7,000 feet with localized amounts up to 3 feet along the crest possible.
 - Winds could gust as high as 80 mph across Sierra ridges and up to 40 mph in valley locations.

SOUTHERN CALIFORNIA

- Wind advisory remains in effect to midnight tonight.
 - West 20 to 30 mph with gusts up to 55 mph.
 - Winds increasing during the late morning and continuing through midnight.
 - Strong winds will cause hazardous driving conditions for high profile vehicles such as trucks, campers and motorhomes.
 - Wind may blow down limbs, trees, and power lines. Scattered power outages are possible.

WEATHER KEY POINTS

03/23/19 - 03/29/19

Saturday

- Travel impacts across the Sierra Nevada expected to continue through the afternoon due to accumulating snowfall above about 5000 ft above sea level.
- Periods of rain for Inland regions continues through mid-morning Saturday.
- A few showers possible again Saturday afternoon with thunderstorms possible in northern portions of Coastal and Inland regions into Saturday evening

Sunday

- Dry conditions across the state Sunday
- Additional precipitation begins to move into northern CA late Sunday night

Monday-Friday

- Precipitation possible for the early and middle part of next week, especially along and north of the Central Coast and Central Sierra.
 - Heaviest precipitation Monday and then again Wednesday into Thursday, with main impacts to mountain travel across the Sierra due to accumulating snowfall
 - Thunderstorms again possible Wednesday, especially for Coastal and Inland regions.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-400, 03/22/19, 2122 hours:** The International Emergency Response Coordination Center (IERCC) reported a PLB device activation (InReach) plotting to the area of Riverside County (33.820746 -116.706519). IERCC advised the R/O was without a bag, shelter, or clothing, and was cold. Riverside Sheriff was contacted; SAR mission initiated. Riverside Sheriff's helicopter was unable to access the location due to weather at altitude. **UPDATE: 03/23/19, 0147 hours:** SAR ground teams on foot hiking to the location of the victim, estimated to be a 4 hour hike. **UPDATE: 03/23/19, 0827 hours:** SAR Team is approximately one mile away from the victim. No contact has been made with victim. Area is covered in heavy fog. Team is assessing weather and accessibility for a helicopter hoist rescue. **MISSION ONGOING**
- **2019-LAW-283, 03/18/19, 1250 hours:** Fresno County requesting 2 Human Remains Detection (HRD) canines to assist with the search of a missing person possibly related to a law enforcement sensitive case. The request is for 03/20/19 (Wednesday) at 0800 hours. The Cal OES Law Enforcement Branch (LEB) Canine Coordinator is coordinating the canine response. **UPDATE: 03/20/19, 1820 hours:** Fresno County advised the HRD dogs were released from the search and requested to close the mission. **UPDATE: 03/21/19, 1550 hours:** Mission Re-Opened, Fresno Sheriff is requesting 2 additional canines to assist with the ongoing search. Cal OES LEB Canine Coordinator is coordinating the canine response. **MISSION ONGOING**

Cal OES MISSION TASKING

Cal OES Missions

- **2019-CREOC-58434:** Request for two DTSC Hazmat Teams to remove Household Hazardous Waste (HHW) from right of way and private property. Mission extended through 03/30/19 (On Scene)
- **2019-SREOC-57753:** Requesting equipment to excavate material from under road culverts. (On Scene)
- **2018-SOUTHERN-56869:** Daily Operations - Communication Support for the Baker to Vegas Challenge Cup Relay XXXIV
